# MANAGING COMPLEX PROJECTS, UNDER CHALLENGING CONDITIONS, WITHIN TIGHT DEADLINES.

Evolution Shotcrete's reputation for excellence has been built on experience, passion and dedication to finishing projects on time and within budget. We use the latest shotcrete application technology to ensure projects are of the highest quality and standards.

Evolution Shotcrete are experts in the application of shotcrete for all engineering related fields such as; retaining walls, slope stabilisation, drainage, tunnels and water tanks.

We also provide construction advice in the fields of Geotechnical/Civil Engineering (i.e ground improvement, piling, micropiling, soil/ rock testing, soil nails, anchors, in situ and laboratory testing, dam construction, tunnels, slope stabilisation, material selection for earthworks projects and road construction.

Evolution Shotcrete carries full liability insurance and works to strict health & safety standards. We also adhere to all current environmental management practices and strive to minimise waste produced across all of our operations

## OUR SERVICES

- ✓ Shotcrete application
- ✓ Pouring of concrete
- ✓ Meshing
- ✓ Steel fixing
- ✓ Rope access works
- ✓ Concrete testing
- ✓ Coring concrete
- ✓ Geotechnical/civil engineering project management
- ✓ Ground anchors

## OUR CLIENTS

## OUR CAPABILITIES

We have a fleet of the latest equipment and large team of experienced contractors ready to meet your project needs of any size.

Our engineering team possess an extensive knowledge in the fields of geotechnical and civil engineering and can provide advice on efficiencies to add value to any project. We can project manage, consult and advise you at any stage of your project.

We can also provide assistance and advice in:

- ✓ Ground improvement works
- ✓ In situ and laboratory testing in geotechnical related fields
- ✓ Geological surveying
- ✓ Land surveying
- ✓ Earth works
- ✓ Construction material selection
- ✓ Soil and rock testing
- ✓ Dam materials selection
- ✓ Embankment construction

WE DELIVER A PRODUCT THAT EXCEEDS OUR CLIENTS EXPECTATIONS IN QUALITY, DURABILITY AND HEALTH & SAFETY.

## PROJECTS

We have experience delivering large and complex projects, in difficult conditions under tight deadlines. Examples include - Seaford Rail Extension, Toowoomba Range Retention works, Wivenhoe Dam Batter Protection, Burpengary Road Upgrade, GLNG Project, South/Clay/Sq.

## KEY PARTNERS

Evolution Shotcrete has key partnerships in excavation, drilling, soil nails and anchoring. As we are continually expanding the services, we are confident we will meet all your project requirements.

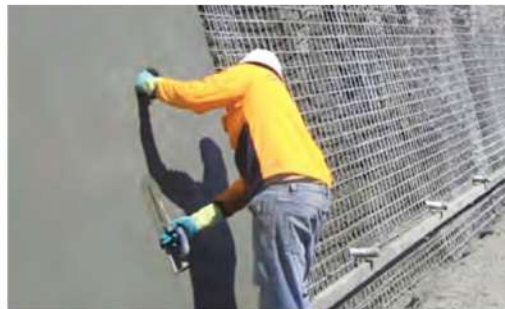

OUR PROJECTS DEMONSTRATE EXPERT TECHNICAL KNOWLEDGE, SOUND ENVIRONMENTAL MANAGEMENT, EFFECTIVE PLANNING AND ACCURATE COST CONTROL THAT DELIVERS EXCEPTIONAL RESULTS.

## OUR MISSION

“To exceed our Clients expectation for Quality, Durability and Health & Safety while delivering expert technical knowledge, Sound environmental management, effective planning and accurate cost control for an exceptional result.”

We have a fleet of the latest equipment and a large team of experienced contractors ready to meet your project needs of any size.
